

HOW TO CHANGE PROFILE PHOTO USING THE ONR APP

You may change the profile photo for your account if you log in on the ONR App or a mobile web browser. Not yet available on a laptop/computer.

Once you're logged in, go to settings by tapping on the **three horizontal lines icon**, in the lower **right-hand corner** of your cell phone screen.

1

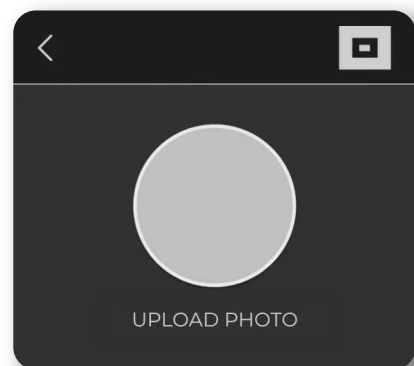

2

At the very top on this next screen (under your name) tap **"View or edit your profile"**

On this next screen tap on **"UPLOAD PHOTO"** and depending on your model, allow access to the **select photo you wish to use**. Your phone's picture gallery will appear, and you may select the new photo you wish to use.

Select the photo you wish to use and select **"DONE"**

3

NOTE: There might be a delay in showing your new photo but **if you wait a few minutes, it will update**. You will have to log out and log back in to **see the change reflected**.
